THE

Royal School of Industry for the Blind, BRISTOL.

The One Hundred and Twenty-Sixth Annual Meeting.

THE Committee of the Royal School of Industry for the Blind are able to report a satisfactory year's work, and several definite improvements have been effected. They desire to express sincere thanks to the Subscribers and Donors for their continued support, and to the various members of the Staff for their loyal work.

COMMITTEE.—The Committee regret to announce the death of Mr. Montgomerie Boyle, after active service in Africa. Mr. Boyle was the senior member of the Committee and at one time a constant attendant, and always took a very active interest in the welfare of the Institution.

FINANCE.—It is satisfactory to report that in spite of largely increased costs in all Departments for Material, Wages, Maintenance, etc., the Income has been able to meet the expenditure. The War has put upon the Institution a progressive Annual Expenditure, and it is hoped that Subscribers and Donors will do what is necessary to maintain the Income that is needed in order that the efficiency of the work in its many and varied activities may be continued. The Committee are grateful for Legacies which have been above the average. It is gratifying to note that they have not been spent, but have been invested in War Bonds.

THE SCHOOL.—The average number of pupils has been 110—slightly lower than during 1917. Eight of them were confirmed at the Parish Church, Westbury-on-Trym, in December, by the Lord Bishop of the Diocese. The Examination in Religious Knowledge was conducted by the Rev. De Lacy O'Leary on the 26th of June, and the following Report was received:—"Scripture, in interesting stories, carefully illustrated and explained. Good method of drawing out practical religious and moral lessons. Repetition correct, taught with running explanation of words and subject matter. Good spirit of common sense and application of general intelligence to the Religious Instruction."

The Committee gratefully acknowledge the services of the Chaplain, the Rev. Percy Brent, M.A.

TEACHING STAFF.—Three Teachers presented themselves for the Examination of the College of Teachers of the Blind in London last summer, and all gained the Diploma. Several changes have taken place during the year in the personnel of the Staff. The Committee were able to fill all vacancies as they arose.

INSPECTION—Dr. Eichholz, H.M.I., visited and inspected the School and Technical Department early in the year, and was satisfied with the work generally. He made several recommendations to the Committee and these have all received attention.

TECHNICAL DEPARTMENT.—The numbers in the Technical Department have been well maintained, and the demand for fully trained and efficient apprentices has been greater than for many years.

The demand for the work produced at the School has increased very considerably during the year, and all departments have been busily engaged.

MUSIC AND PIANOFORTE TUNING.—Considerable progress has been made in this Department since the issue of the last Report. Fifteen pupils were presented for Examination in Pianoforte and Organ Playing and all passed—five with honours and two with distinction.

A Blind Piano Tuner has been engaged to give instruction in Pianoforte Tuning and Repairing, and the School now undertakes the Tuning and Repairing of Pianos in the neighbourhood. By so doing, the apprentices are enabled to obtain excellent practical experience, and great care is given to all such work entrusted to the School.

PHYSICAL.—Both in the Elementary and Technical Departments, fully qualified Teachers give instruction in Physical Training, the results of which are permanently beneficial to the general well-being of all in the School. A Special Course, suggested by Miss Koetter, H.M.I., is taken throughout the School.

SCOUTS AND WOLF CUBS.—The School Troop of Boy Scouts and the Wolf Cub Pack are keen and efficient. The lads receive beneficial training in every department of Scontercraft, and during the summer they attended a camp on Golden Hill with the Bristol Grammar School Troop.

HEALTH.—During the whole year the Health of the Pupils was satisfactory. This was carefully watched over by Dr. Flemming, and during his absence, on active service, by Dr. Kyle.

WORKSHOPS.—The sales of our work have been much larger than in any previous year and the demand is still maintained. Thanks are due to many ladies—enumerated on Page 22—who have kindly undertaken the supervision of our sales of work in other towns.

The Trading Account shows a much better result than previously. The Table of Blind Workers' Wages and Income on Page 17 indicates considerable additions to what was the pre-war standard. Recently the Committee made considerable advances in payments to blind workers, and have decided to place them on a fixed wage scale, rather than on the piece-work system which operated adversely on some workers who were very much handicapped for various reasons, such as blindness in later life, inability to obtain satisfactory training, natural ability of the worker, etc.

BLIND WORKERS' HELP FUND.—This Fund has been most useful in assisting the most needy during the long continuing period of high cost of living. It is hoped that Subscribers will continue to support this important Fund. Some valuable contributions have been received from the Dockyard Workers' Charity Fund, and it would be encouraging if other Workers' Associations would follow this excellent example.

HOSTEL FOR BLIND WOMEN.—The Hostel has proved a great benefit to the Blind Women Workers and, by the generosity of Mr. H. H. Wills, a larger house in Woodland Road has been put at the disposal of the Committee, and after renovation will shortly be available.

HOME TEACHING.—The Committee regret the loss by death of Mr. W. Berriman, the senior teacher, who for forty years had faithfully carried on his useful work. The visiting and general assistance of the Outdoor Blind have been much appreciated.

The Advisory Committee of the Local Government Board have asked the assistance of the Committee in preparing a Register of the Blind, which is now completed. An Advisory Sub-Committee for the West of England has been appointed, and it is hoped that the Government will soon be in a position to organise and equip State-aid for the benefit of all blind persons, and to provide the expected financial assistance for them.

Any Legacy to this Institution in the following form will be effectually bequeathed.

I bequeath to the Institution called "THE BRISTOL ASYLUM OR SCHOOL OF INDUSTRY FOR THE BLIND," with which is incorporated "THE ASSOCIATION FOR HOME TEACHING AND INDUSTRIAL EMPLOYMENT OF THE BLIND," the sum of
to be paid to the Treasurer for the time being of that Institution, for the general purposes thereof; which sum I direct to be paid, preferably to any other legacies, out of such part of my personal estate as may lawfully be appropriated to charitable purposes.
